Tornstrom named Tri-State Ambulance acting operations supervisor

Tom Tornstrom, BBA, NREMT-P, is no stranger to Tri-State Ambulance. He's been a Tri-State paramedic for nearly 14 years and has worked as a lead medic the last two years. Now, he's taking on a new role as the acting operations supervisor for Tri-State Ambulance.

"Tom is a true asset to Tri-State Ambulance, and we are looking forward to working with him in his new role," says Jim Klock, president, Tri-State Ambulance.

As the acting operations supervisor, Tornstrom is responsible for all Tri-State operations. He also consults with Matt Zavadsky as needed. Zavadsky has taken a new position in Fort Worth, Texas, but is continuing to work as the Tri-State operations director on a part-time basis while Tri-State conducts its search for a new director.

According to Klock, Tornstrom is well suited for his new role. As a lead medic, he was responsible for the operational supervision on a particular shift. In addition to his paramedic experience, Tornstrom owns two local small businesses and is the information technology coordinator at Tri-State Ambulance.

Tom graduated from Century College in White Bear Lake, Minn., as an intensive care paramedic. He received his bachelor's degree in Business Administration from Viterbo University, and is currently pursuing a master's degree in Business Administration.
